Steps to attract Foreign Investment

2727. SHRIMATI CHANDRIKA ABHINANDAN JAIN: Will the PRIME MINISTER be pleased to state:

(a) the steps taken by Government to attract the entry of multinationals and foreign investment in the country in a large scale;

(b) whether Government have also taken steps for raising the resources from within the country; and

(c) if so, the details thereof?

THE MINISTER OF STATE IN THE MINISTRY OF INDUSTRY (SHRIMATI KRISHNA SAHI): (a) Various policy initiatives adopted by the Government to attract foreign investment in India have already been spelt out in the Statement on Industrial Policy tabled in both Houses of Parliament on 24th July, 1991. Under the policy, automatic approvals are being given by the Reserve Bank of India for foreign equity investment upto 51% in high priority industries listed in Annex.-III to the Statement. Other foreign investment proposals, outside the parameters for automatic clearance, are also considered and cleared on merits by the Government.

(b) and (c) In the area of domestic investment the New Industrial Policy of 1991 and various economic reforms also aim at enhancing the competitive strength of industries through abolition of industrial and import licensing as also through enhanced fiscal incentives to the industrial sector. These changes have succeeded in attracting proposals envisaging higher domestic investment as evident from the Industrial Entrepreneurs Memoranda (IEMs) filed by entrepreneurs. The volume of domestic investment now envisaged has increased manifold over those realised in the corresponding period prior to the announcement of the New Industrial Policy. 18,199 IEMs have been filed in the post-Policy period (i.e. from August 1991 to February, 1995) envisaging total investment of Rs. 3,65,446 crores.
